

YOU'RE INVITED!

2013 Ohio State Fund Workers' Compensation Seminars

Six locations statewide
May 14 – May 23, 2013

Earn your Degree in **Workers'compology**

Join us for these half-day educational sessions to stay informed about Ohio Bureau of Workers' Compensation (BWC) changes as well as workers' compensation cost control recommendations from Frank Gates. The seminars will also include: Safety, Legal Updates, Claims Management and Drug Free Safety Program.

This year, we are again incorporating two hours of safety training to meet the BWC's two-hour safety requirement. The BWC Rule requires employers in the Group Rating or Group Retro Program who had a claim within the preceding calendar year to attend two hours of safety training during the policy year. Only one employee needs to complete the requirement. BWC procedures only permit individuals to obtain 2 hour credit once per training session. If you represent more than one policy number, you must attend a separate session per policy. **If you attend a seminar, you must stay for the entire 4 hours to meet the requirement.**
